Commissioner for Patents  
P.O. Box 1450

Sir:

In accordance with the duty of disclosure under 37 C.F.R. § 1.56, Applicants hereby notify the U.S. Patent and Trademark Office of the document listed on the attached PTO/SB/08 A & B (modified) form, which the Examiner may deem material to patentability of the claims of the above-identified application.

One copy of the listed document is submitted herewith.

The present Information Disclosure Statement is being filed (without a Statement Under 37 C.F.R. § 1.97(e)) after the later of three months from the application's filing date and the mailing date of the first Office Action on the merits, but before a Final Office Action, Notice of Allowance, or an action that otherwise closes prosecution in the application (whichever is earlier), and therefore a check for the fee of \$180.00 under 37 C.F.R. § 1.17(p) is attached.

In compliance with the concise explanation requirement under 37 C.F.R. § 1.98(a)(3) for a foreign language document, Applicants submit the following explanation:

INFORMATION DISCLOSURE STATEMENT  
U.S. Appln. No.: 10/660,653

JP-A-2001-246838 ("JP '838") discloses a paper for inkjet recording, which comprises a coloring material-receiving layer containing a betaine ampholytic surfactant. However, the aim of JP '838 is not to solve problems under high humidity conditions, and a sheet of the present invention does not include the betaine ampholytic surfactant disclosed in JP '838.

The submission of the listed document is not intended as an admission that the document constitutes prior art against the claims of the present application. Applicants do not waive any right to take any action that would be appropriate to antedate or otherwise remove the listed document as a competent reference against the claims of the present application.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account. A duplicate copy of this paper is attached.
